JÉRÔME BAILLE

FRONTEND DEVELOPER

Passionate and detail-oriented Frontend developer with a proven record of accomplishments in developing, testing and improving web applications. Experienced with modern Frameworks (React and Angular) and knowledge about backend (API creation with Node JS). Excited to pursue new companies to participate to their growth by creating accessible, user-friendly and performing product.

EXPERIENCE

Web Developer

Freelancer | Nîmes, FRANCE | 2020 - 2022

- Employed front-end skills (HTML 5, CSS 3, Sass, and javascript) in collaboration with web designers to create user-friendly, responsive web applications.
- Improved static web applications by creating clean and secure API (using Node.JS and Express).
- Improved employees experience by creating a corporate social media platform (both frontend and backend).
- Weekly agile meeting, fostering best practices, clean and efficient code.
- Applied version control tools (Git, GitHub) to track, test and update source code

Administrative Assistant

Freelancer | le Grau du Roi, FRANCE | 2017 - 2020

Ambassador (House of Fans program)

Microsoft France | Paris, FRANCE | 2017 - 2018

Agency Operations Assistant

Crédit Agricole du Languedoc | Nîmes, FRANCE | 2015 - 2016

- Assisting the Manager with operational issues
- Scheduling meetings and team building sessions as required
- Providing excellent customer service
- Daily maintaining the ATMs
- Taking part of the digital transition of the agencies

Receptionist

Banque Populaire du Sud | Nîmes, FRANCE | 2013 and 2014
